

## FULL TIME COPIER SERVICE TECHNICIAN/PILOT

We are currently looking for a career oriented individual with either flying or electronics experience. The successful candidate will be provided with the appropriate training program(s) necessary to provide the quality of service our customers expect. If you have a background in electronics (and have an interest in obtaining your pilot's license) OR possess a private pilot's license (and have an interest in electronics), this position may be the one for you!

Our company has been in business since 1940 providing office equipment, office supplies, office furniture and computers throughout Northwestern Ontario and Northern Manitoba. Our service department of over 20 technicians complements these product offerings by providing on-site troubleshooting and repairs to our customer base. We currently operate our own airplanes to service our customers located in the more remote Northern communities.

**Position:** As a member of our service team, you will be required to repair and maintain a range of office equipment including photocopiers, printers and some facsimiles/cash registers within an assigned territory. The successful candidate must be committed to ensuring customer satisfaction and be able to manage and service a full territory. Service work will involve both in-shop and on-site servicing to remote Northern communities, Dryden and surrounding areas.

**Qualifications:** You will use your technical abilities to help others solve their office equipment problems through the use of their diagnostic and troubleshooting skills. Training will be provided although education, previous experience and/or a demonstrated aptitude in the field of computers/electronics or servicing office equipment would be a definite asset.

**A Potential Candidate must:**

- have a valid driver's license with clean drivers abstract
- have a private pilot's license (or an interest in obtaining one)
- be willing to travel to remote communities up to a week at a time on a regular basis throughout the year
- enjoy using their skills and abilities to look after our valued customers
- possess above average communication and organizational skills
- have the ability to work independently yet function as part of a team
- be able to pass security clearances
- have completed high school (or possess a Grade 12 certificate)

**What's in it for you?** Our environment is always changing with advances in technology. Our team members are energetic, intelligent and are always strive to provide excellent customer service. We offer a competitive salary (depending on qualifications and work experience), plus:

- northern pay incentives
- company vehicle for business use
- training, tools and other resources for success
- health and vision benefits
- RRSP plan with company matching contributions
- product discounts

Applicants should submit a cover letter along with a resume on or before **January 26, 2018** to:

Don MacAskill  
Director of Equipment Service  
Box 3005  
Dryden, ON P8N 2Z6  
fax: (807) 223-3320  
email: [inquiry@wilson.ca](mailto:inquiry@wilson.ca)

*We thank all candidates for applying, however, only those selected for an interview will be contacted. Applications will be accepted until January 12th and interviewing will commence as applications are received. Final selection may occur prior to application deadline.*
