

## Join our Team!

Wilson's is a stable family-owned company that has been operating locally since 1940! We're looking for an engaged and adaptive problem-solver who enjoys building relationship and rapport with customers, has technical problem-solving skills, and values a professional and collaborative team culture.

**Position:** We are currently looking for a full time **Equipment Service Technician** in our Service department at our Head Office in Dryden, Ontario. As a member of the Wilson's Service Team, you will be required to repair and maintain a wide range of office equipment including photocopiers, facsimiles, printers and mailing equipment within an existing territory. You must be able to manage and service a full territory with the ability to troubleshoot and repair connected equipment. Service work will involve both on-site and in-shop servicing in Dryden and other communities.

**Qualifications:** The successful candidate likes using his/her technical abilities to help others solve their office equipment problems. Training will be provided although education and training in the field of electronics (A+ or PDI+ certification) or experience servicing office equipment would be a definite asset. Having a positive attitude with above average communication, customer service, and organizational skills would be a direct fit with our relationship based sales- and service-oriented approach. Completion of high school (or possession of a Grade 12 certificate) combined with a clean drivers abstract and being able to pass security clearances are particularly important.

Compensation will include a guaranteed salary and benefits depending on the qualifications and work experience of the successful candidate. A vehicle will also be provided for business use.

Applicants interested in this permanent, full time position should submit a resume complete with a cover letter and references by Friday, March 29<sup>th</sup> to:
